ART OUT OF NOTHING

[illegible]

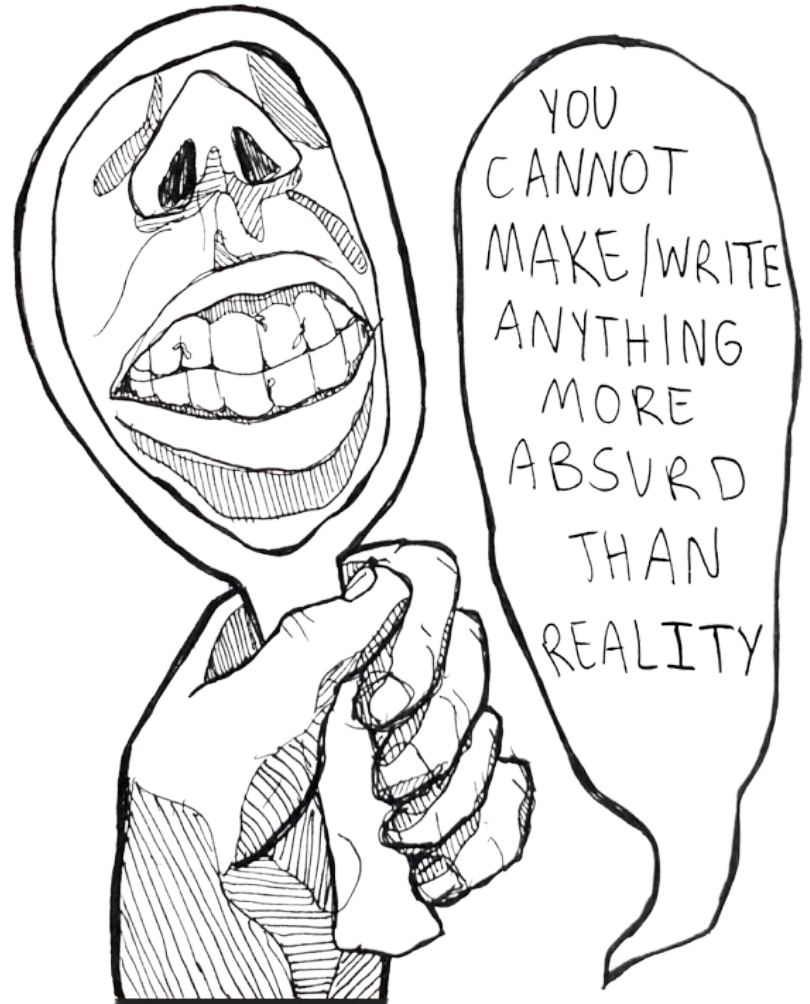

When you think
the thing you
knew what
"Hey!
special

you have nothing, but,
were looking for and
it is. but, your friends
Maybe this is
or maybe it is

then you find
you don't
say
something
trash"

But, then, you no longer
have nothing - it has become SOMETHING and then you want to
share it with other people who *think* they have nothing too
and then they realize that they can make something
too
